

February 2020

Happy February. I hope you have had a good year so far and that it continues. Our weather sure has been different—80 degrees one day and 60 degrees two days later. I'm not sure if I need a jacket or a bathing suit. Oh well, our weather is usually very good compared with other parts of the country.

We are approaching the time of year when we will be ordering our palm trees cut. The letters should be going out soon, so be on the lookout for it. Please make sure you get your order in by the due date as it is very hard to fit you in if you miss that date. There is a sequence the tree trimmer uses that helps save cost.

The election of officers will also be going out soon. If you have an interest in serving on the board, please let me know before the end of February. Our by-laws call for nine board members and our openings are limited, so be the first to let me know.

I hope you all enjoyed the dinner and entertainment. I am sorry I couldn't be there, but three days was too soon after major surgery to go anywhere. The board is discussing what to do about our annual meeting. Should we continue having a dinner or should we change it to a lunch meeting, a reception or a cocktail party? Please let us know what you think we should do. Our meals are about \$76.00 per person. As you can see, the dinner is expensive.

We continue to monitor events at the City Council and region. The short-term rental ban seems to be holding. Be sure to call the special city number (760.346.2489) if you have issues with noise or other problems in your neighborhood.

Remember, you can always contact any board member with complements or complaints. The former first we hope, but we are always ready to listen to your thoughts and concerns.

Pat Fredericks

President
